

FINE ADDRESS IS DELIVERED BY JUDGE HILTON AT GROUND BREAKING

**Construction of New
Building Is Now
Under Way.**

**Crowd Attends Program in Spite
of Cold, Rainy Weather. Mrs.
Edward C. Harwood, Turns
First Shovel of Dirt.**

Following the ground-breaking ceremonies Tuesday afternoon, Contractor Cline and his men immediately started the initial work on the erection of the San Antonio Community Hospital.

The ground-breaking proved a far more successful event than was expected by E. W. Fischer, who was in charge of arrangements. Over 450 automobiles were parked about the site of the new hospital, and Mr. Fischer, through whose efforts the completeness of every detail was carried out, estimated that there were fully 1500 people in attendance and this in spite of the fact that it was a raw, cold day and threatening rain as well.

Each and every district of the Chaffey Community was represented on the program and each brought a word of encouragement to those who are working in behalf of the new enterprise.

Judge Hilton, who was the speaker of the day, had a most interesting message for his audience. Judge Hilton said in part:

Judge O. N. Hilton was the principal speaker of the day. Because of the chill in the air, he abbreviated his remarks, but his short address was the very essence of the occasion. He showed that the hospital stands for service, service in one of its noblest forms. His admirable address was a fitting finale to the greetings from the various communities that had come before and he accepted the hospital in behalf of all the people of all these communities.

Mr. Chairman, Fellow Citizens.—I am sure I would wholly misconceive the spirit and sentiment of this auspicious day and occasion if I did not at the outset of what few words I may be expected to utter, express the heartfelt gratitude and appreciation of every person before me for the high privilege and opportunity to be present here today, when this noble and God-inspired charity and beneficence finds its initial and permanent expression in these dedicatory exercises.

A Wise Endowment
The greatest orator and finished scholar that this country ever produced, Edward Everett, on an occasion much like the present one asked this significant question: "What is a wise endowment?" and answered it in these words, "A wise endowment is in every higher sense a good investment, meaning, of course, not an investment that yields the greatest pecuniary interest at the moment, but that from which all things considered the benefactor derives the highest satisfaction, which is productive of the greatest amount of good to others, and which reacts most effectively upon the prosperity and welfare of the entire community. This in very truth may be termed a wise endowment."

Natural affection and natural justice require as the general rule that property should pass from parent to child, but as far as feelings of personal or family pride are concerned it is of interest to consider how seldom it happens that fortunes are kept in the same family for more than three generations. On the other hand, that portion of accumulated wealth which is appropriated to the endowment of charitable, religious or educational foundation, which is invested in those noble trusts which build, furnish and maintain our asylums, hospitals and churches, and thus provides for the relief of suffering, the diffusion of knowledge, the conservation of good principles, the spread of religious knowledge and truth, effects an amount of good not to be achieved by any other mode in which property can be employed. Everything material in this changeful world of

SUIT FILED AGAINST PACIFIC ELECTRIC

As an aftermath of the collision between a Pacific Electric train and the automobile occupied by Geo. Irvin and R. R. Wisely, both men being killed, funeral expenses were asked in a suit filed in the Superior Court yesterday by Hattie L. Irvin, administratrix of the estate of Geo. B. Irvin.

In the suit, Mrs. Irvin charges that a Pacific Electric car was being operated unlawfully and at a high rate of speed. Irvin, a motorist, was so badly injured in the accident that he died two days later. Mrs. Irvin asks \$631.50. She is represented by Attorney A. W. Burt. The collision occurred at Eighth Avenue and Washington Boulevard.

HARRY CAREY IN "THE KICK BACK"

Harry Carey, noted portrayer of Western characters has appeared in many powerfully dramatic pictures, but it is doubtful if any of his plays has contained half the action, thrills, suspense and sheer dramatic events that come in his latest screen success "The Kick Back" which is shown for the first time tonight at The Colonial.

As a lone cowboy fighting a band of land thieves who make him the victim of a monstrous plot, Carey, as Harry Redding (White Horse Harry) is kept on the jump from beginning to end in the defence of his property and his sweetheart. Mr. Carey wrote the play himself and saw that he had plenty of thrilling stunts to do. He is ably supported by Henry Walthall who makes a splendid villain, and Ethel Grey Terry who is a charming heroine.

MONTH'S VACATION FREE TO BOYS 17-24

Boys between the ages of 17 and 24 who want a month's holiday with all expenses paid should see City Engineer R. G. Manley right away. He has been notified by the United States army that a citizen military training camp will be in session from July 26th to August 24th at Del Monte, California, and that names of boys sent in by him will be considered. As there are a limited number for this county those wishing to go should apply directly to Mr. Manley, who will be glad to give all necessary information.

These citizen training camps turn out the best of citizen material, sending forth boys who have developed mentally and physically as the result of the training, and they will also be well grounded in ideas of loyalty to the nation.

Train fare is paid by the government, and a list of things given in the way of clothing, etc., which each boy is expected to take. This is a chance for a jolly holiday, and as only a few can go, those wishing to should get into communication with Mr. Manley.

FORMER CHAFFEY STUDENT NOTED EVANGELIST AT NAZARENE CHURCH

The Revival Meetings at the Church of the Nazarene have started off well. The attendance has been good and the interest is increasing. Revs. Haldor and Bertha Lillenas are the evangelists in charge and their preaching and singing is of a high order. Mrs. Bertha Lillenas is the daughter of the late Rev. W. C. Wilson a former pastor of the local church. She was a student of the local Grammar School and Chaffey High school and her former class mates and friends will be glad to have this opportunity of meeting her again.

A special feature of the services has been the duets rendered by Rev. Haldor Lillenas and the pastor, Rev. D. S. Corlett. On Friday evening they will sing one of Rev. Lillenas' new songs, a song that has never been sung in public before.

These meetings will continue for another week with services each evening at 7:30 except Saturday and two services on Sunday, 11 a. m. and 7:30 p. m. The public is invited to all these services.

BOY SCOUTS HOLD THIRD ANNUAL JUBILEE

The third annual jubilee night of the Boy Scouts of the Chaffey district was held last Tuesday in the Chaffey gymnasium, and was one of the best times imaginable.

Representatives were present from every troop and there was a great deal of fun over the many contests and races indulged in by the scouts. Total points for each troop are as follows: Upland Troop 1, 19; Ontario Troop 1, 16; Ontario Troop 2, 15; Mountain View Troop, 13; Ontario Troop 3, 6; Upland Troop 3, 5; Cucamonga, 5; Etiwanda, 4; Chino, 3; Ontario Troop 4, 2.

In the knot-tying contest, Richard Skidmore of Upland Troop 3, was first; Lacey Handley, Upland Troop 1, second, and Ernest Wharton, Ontario Troop 4, third.

Bandaging—Chester Stock, Mountain View, first; Ernest Payne, Ontario Troop 1, second; Ralph Stock, Ontario Troop 2, third; Allen Fur-bish, Upland Troop 1, fourth.

In the Litter Race, Upland Troop 1 came first; Mountain View, second; Cucamonga, third, and Ontario Troop 3, fourth.

For the Signalling Contest a team of four from each troop entered, and winners were John Gardner and Harold Spencer, Ontario Troop 2; Jack McCarter and Cor Leavitt, Ontario Troop 1, second; Elliott Bowman and Elmer Allen, Upland Troop 1, third.

In the centipede race the scouts were divided into two groups, of which the boys of Upland Troop came in first, and Ontario Troop 1, second, and in the second group Mountain View scouts first and Cucamonga second.

The Novelty Race was the one that caused the most amusement, and both entrants and spectators were laughing during the entire proceedings. A scout was chosen from each group, and had to run to first station, remove shoes, to second point and remove stockings, third point and remove shirt, touch the wall and return, putting on clothes as he goes. Winners were William Graber, Ontario Troop 2; Culver Smallwood, Upland Troop 1; Houston Dewey, Ontario Troop 1; Laurence Mueller, Etiwanda Troop.

In the Shoe Race, the scouts' shoes were taken from them, marked on the soles, and placed in a heap along the wall. The one getting his own shoes on in good shape and returning to the judge was the winner.

The boys succeeding in this were: Group 1, Charles Cummins, Ontario Troop 3; Paul St. Veran, Ontario 2; Group 2, Franklin Hall, Ontario Troop 1; Carl Anderson, Chino.

Rev. R. C. Stone acted as judge in the knot-tying contest and James H. Paulin in the races, assisted by several of the scout masters and the Boy Scout Commissioner, C. W. Alfred.

PHILHARMONIC HERE FRIDAY, APRIL 13TH

One of the most important musical events of the season will be the annual engagement of the Philharmonic Orchestra of Los Angeles, on Friday evening, April 13th, at Chaffey Auditorium, Walter Henry Rothwell, conducting.

The program chosen for this concert consists of a wide variety of works of the master classic writers and modern composers, Wagner, Weber, Liszt, Bizet, Debussy, Glazounov, Gorard and Sibelius.

The soloist will be Henri de Buscher, world-famous soloist of the orchestra, who stands supreme as a master of this difficult instrument.

The program will include the following selections: Overture, "Der Freischutz" (Weber); the Symphonic Poem, "Les Preludes" (Liszt); the Carmen Suite No. 1 (Bizet); Debussy, a number from Glazounov's Scenes de Ballet, the Marionettes; Serenade a Mabel from "Scenes Ecossaises" (Godard); Introduction to Act III, Lohengrin, and Sibelius' Tone Poem, "Finlandia," completes the numbers.

The concert here will be the last but one of the out-of-town dates for the Philharmonic Orchestra this season, which has been by far the most successful since the orchestra was organized. This year 42 concerts have been played in Southern California outside of Los Angeles, each to capacity houses. While the concerts in Los Angeles have shown a large increase in attendance, the value of the orchestra as a civic and cultural asset to the community is being recognized to a greater extent each year.

REPORTS THIS NOON SHOW FINE RESULTS IN BOY AND GIRL SCOUT DRIVE

**Men and Women of Many
Local Organizations
Combine Efforts**

**Present Indications Are That In
Spite of Rain Upland's Quota
Will Be Raised Before the
Day Closes.**

With a total of \$1400 at noon today the Chaffey Community Y. M. C. A., Y. W. C. A., Boy Scout and Girls' Work organization drive was going strong and by night every indication is that the entire amount will have been raised.

In spite of the rain the solicitors under the direction of E. W. Fischer went at the task early this morning following a dinner and conference held last night in Crowell Hall, which was attended by representatives from numerous organizations of the city.

Members of the Upland Rotary Club reported to Chairman Fischer at noon and on return to headquarters at the Upland Furniture Company the grand total was \$1400 with a decided upward tendency toward the \$2400 which is Upland's quota.

Although several members of the Upland Rotary Club were going to Pasadena today to attend the convention there and it was necessary to hold a short session of the club, two important announcements were made. One regarding the excellent result of the drive, and the other the announcement that the Upland Rotary had received its charter Number of which is 1399.

FINAL DRIVE ON RUSSIAN THISTLE

That a final effort is to be made this summer to stamp out the Russian thistle in the west end of the county was the declaration yesterday of J. P. Coy, horticultural commissioner. V. N. Van Norman, a resident of the section southwest of Ontario, where the pest is said to be the worst, has been put in charge of extermination work and is now formulating plans for an active campaign to begin among the land owners early in the summer. The property owners in the district affected will be required to keep their land clear of the weed until all danger of spreading is past.

"Although the situation is less serious than three years ago," said Mr. Coy, "it is still a serious menace to ranching in that district. The Russian thistle, is similar in nature to the ordinary tumble weed, in that it is carried from place to place by the wind, drops its seed while in transit, and the only successful method of combating it yet found is to keep the land cleared of it until after seed maturing time."

MANY DEALS MADE IN REAL ESTATE

A deal was closed today by which Harry Epstein purchases of the Deets Estate the L-shaped lot north and east of the O. K. Exchange building. Mr. Epstein plans on the erection of a building in the near future to house his furniture business.

White Residence Sold
The Wm. White property at No. 322 Eighth Avenue, was sold yesterday to E. S. Polk, Mr. and Mrs. Polk to occupy it as soon as Mr. White completes his new home on his property at Narod.

The W. F. Clark residence on Second Avenue, opposite the American Legion Home, was today sold to Fred L. Dennison.

All of the above sales were made by the Upland Realty and Insurance Company, recently organized by H. O. Blohm and J. B. Perschbacher.

RED HILL DIRECTORS CHOOSE SITE FOR CLUB HOUSE

Members of the board of directors of the Red Hill Country club meeting on the site at noon Wednesday, unanimously voted to build the new clubhouse of that organization on the hill directly west of the No. 8 green at Red Hill.

This location was advised by the engineer, Henry Garrett, and the clubhouse committee. The site on this hill is considered particularly advantageous. It will be easily accessible from the new road which is now being laid out. There is a gully directly to the north of it which can be scooped out without difficulty for the making of a splendid swimming pool.

There is a large space suitable for the parking of automobiles to the north and west of the site, and the view from the place is said to be without parallel.

Seven of the nine present greens can be seen from the site, as well as can parts of the fairways and other sections of the course.

The cornerstone of the new building will be laid on the 28th day of this month, and the club house, which will be among the most attractive and complete in this portion of the state, will be completed in the near future.

Many new applications for membership are said to be coming in, due largely, it is believed, to increased activities of the club.

ANOTHER RESORT IN SAN ANTONIO CANYON

San Antonio Canyon is to have another mountain resort, for with the purchase recently of the Stoddard Canyon property by Los Angeles capitalists the development of the resort is to soon be under way.

The new company is to be known as The Stoddard Canyon Company with its principal place of business in Los Angeles.

Yesterday articles of incorporation were filed with County Clerk Harry L. Allison. The corporation is capitalized for \$100,000 and the directors are: Harold A. Hansley, Thomas J. Housekeeper, Don C. and John B. Powell, Karl A. Hunt, and Albert M. Hansley.

NEW UNION PACIFIC LINE IN OPERATION

First trains operating over the new Union Pacific branch line from Whittier to Anaheim and Orange made their regular schedule Monday of this week.

And coincident with the opening of the Valencia shipping season, the latter part of this month, freight trains will be in regular operation on a full quota basis, it was added. These two announcements were made by Carl Smith, assistant general manager of the company.

The new tap line penetrating the rich agricultural hinterland of Orange County formed one of the latest projects announced by that railroad for Southern California since inaugurating its new policy of expansion when it took over the old Salt Lake system passing through San Bernardino. The tap line formed the major part of the \$29,000,000 building program of 1922-23.

The company is running one train per day over the new line, and as soon as the contractors have completed their work will add to the number.

IS A STARTLING DISCOVERY

It was the final examination and a budding philosopher concluded his essay on Mother Earth with this startling statement: "The earth revolves on its own axis 365 times in twenty-four hours. This rapid motion through space caused its sides to perspire; this is called dew."

AND OTHERWISE

Gym Teacher (to girls): "Lots of girls use dumb-bells to get color in their cheeks."

PREPARING PLANS TO PAVE ARCHIBALD AVE

Specifications for another highway paving project, costing approximately \$25,000, are being prepared by County Surveyor E. T. Ham.

The project is the laying of 10 foot strips of concrete on Archibald avenue, the principal street of Cucamonga, from its junction with the Foothill Boulevard at Cucamonga to the Santa Fe railway tracks, a mile south. The paving will complete the concrete surfacing of the avenue as a 16 foot paving was laid several years ago. The specifications call for the laying of 14 inch curbs, which in rainy seasons, will act as storm protection walls and form a driveway for floodwaters. The specifications will be submitted to the Board of Supervisors on Monday. The revenue is in road district No. 22.

FIND GOLD FISH IN BIG BEAR LAKE

Who put goldfish in Big Bear Lake?

They're in the lake, Game Warden W. C. Malone declared yesterday on his return from the mountains on an inspection of the fish hatchery and game conditions.

"I don't know how the goldfish got into the lake," said Game Warden Malone, "unless some enterprising fishermen thought the goldfish would be good bait for the big trout and being fooled, dumped the live goldfish into the lake."

The goldfish will not hurt the trout fishing, Mr. Malone says. The coming trout season, opening May 1, should be a good one for anglers on the lake, he said.

ELKS INSTALL NEW OFFICERS

Installation of officers of the B. P. O. Elks was held Wednesday night with Frank Gartner of Riverside Lodge as installing officer.

The officers installed were: Exalted Ruler—P. H. Norton, Esteemed Leading Knight—C. B. Thrall, Esteemed Royal Knight—E. L. Lowe, Esteemed Lecturing Knight—E. J. Ritter, Secretary—Jack Gordon, Treasurer—C. T. Johns, Trustee—Wm. Springer, Tyler—A. C. Eldridge. The new exalted ruler made the following appointments to fill out the roster of officials: Delegate to Grand Lodge—C. E. Meade, Esquire—Geo. L. Stangenberg, Inner Guard—C. M. Sheets, Chaplain—F. Middough.

TREES PLANTED IN SONORA TOWN

Through the thoughtfulness of Mrs. Oliver K. Granger, and the kindness of E. F. Pardoe, of Ontario, residents of the Mexican settlement north of the city will soon have lovely shade trees to protect them from the glare and heat of the California sun.

Mrs. Granger has always been interested in the planting and growth of trees, and in driving by the Sierra Vista School and Mexican settlement has often wished that some vegetation could be started to take away the bare, desolate look of the surrounding country. Mentioning this one day to Mr. Pardoe he spoke of several fine young mulberry trees he had and which he would be glad to donate to the cause. So with this premise in mind, Mrs. Granger asked for and received the hearty cooperation of L. R. Bradley, manager of the Upland Lemon Growers' Association, under whose care the Mexican district flourishes; of W. K. Beattie, of the Stewart Fruit Association, and of James Paulin, physical director at the Sierra Vista School, with the result that a number of healthy young mulberry trees have been planted, some on the school grounds and others near the Mexican houses, and in a short time there will be plenty of shade and the desolate look will have vanished.

Modern dances are in terribly poor taste—if you can't dance them.

PRESBYTERIANS TO ERECT PARSONAGE ON SITE NEXT TO CHURCH

**Congregational Meeting
Shows Excellent
Condition**

**Ladies' Aid Serves Fine Dinner
to Members of Congregation
and Their Families. Officers
for Year Elected.**

The erection of a modern parsonage was decided at the annual meeting of the Upland Presbyterian church last Wednesday evening, following a splendid banquet served by the Ladies' Aid Society.

The present manse is one of the first buildings erected in Upland, and while it may have some historic value, as a dwelling house is far from satisfactory. The church had desired for years to replace the old building with a suitable structure, but the World War and the following business depression prevented. Last year the loss of the citrus crop caused a delay in the plans.

This seems to be the logical year, and the congregation unitedly voted to raise the funds and build. Ernest W. Fischer was named chairman of the building committee, and already a considerable sum is on deposit in the Savings Bank towards the Parsonage fund.

The plan is to offer the old building for sale as soon as sufficient money is in sight to guarantee the work, and to build the new building on the present site.

New Officers
The annual election of officers resulted in the election of Mrs. W. B. Cavers as secretary of the congregation; C. E. Corry and J. W. Bryden as elders; and E. W. Palmer and J. L. Grahame as trustees. The new officers will be installed at the service next Sunday, and the boards will then organize for the year.

The reports from the different departments showed that the church has paid obligations to the amount of \$5,616.43 and closes the year with a small balance in the treasury.

Besides the \$5,616.43 for local expenses the church has given \$3,822.67 for benevolences, besides a gleaming and supplies to the value of many hundreds of dollars.

The Ladies' Aid Society, The Frances Paul Girls, The Missionary Society, the Sunday School, the Endeavor Societies, the B. B. Girls, the J. O. C. Girls and other organizations reported a good year of pleasure and service. Of special interest is the plan of the Frances Paul Girls to take over the furnishing of the Nursery in the new San Antonio Community Hospital. That room will be a marvel of neatness and simple beauty and comfort.

Other organizations in the church are planning to take an active part in the hospital plans during the coming year.

The past year has been a good one, and the coming months should be even better, for as the congregation unites solidly in the parsonage plans the spirit of co-operation and of joy in service will mean much to every member.

VACCINATED DOGS MUST BE TAGGED

Dogs that have been vaccinated must be tagged, according to Deputy Dog Tax Collector Lewis T. Cutler. Many people have had their dogs vaccinated this complying with the law, but have neglected to tag the animals. This gives more trouble to the officials, and they beg that the public will help them by tagging their dogs when they have been vaccinated.

Dogs that have not been vaccinated must be kept tied up or in an enclosure. Otherwise they are liable to be taken by the deputy, for the safety of the general public.

Modern dances are in terribly poor taste—if you can't dance them.

FRIDAY, APRIL 6, 1923

Manning Sounds A Warning

THE dispatches tell us that Bishop Manning of the Episcopal church sounded a warning in his New York pulpit against the state of mind in which America seems to be drifting, as affecting the marriage relation. The Bishop calls upon all the churches, including the Jewish and the Catholic, to join in action to preserve the home and the system of monogamous marriages. For these two churches specially mentioned, however, it should be said that their regulations and the practice of their people is at least not behind that of the Protestant churches.

The Bishop's remarks were a part of a Lenten sermon on the subject, "The Present Crisis with Regard to Marriage in the Home."

"To allow men and women to live together for a time and then with legal sanction on trivial and frivolous grounds to separate and form new alliances as they please," he said, "is in principle to abolish marriage and to adopt a system of legalized free love. This is the system which we have now almost reached."

"The proportion of divorces to marriage is appalling. In our country as a whole there is one divorce to every eight marriages and in some of our states there is one divorce for every two or three marriages."

He declared that the influence of religion against divorce and remarriage is weakened by various standards of different churches and in consequence of different ministers of the same church."

"Those whom one church refuses to marry immediately go to another and are married without question," he added. "Think what the effect would be if the whole united influence of religion should be exerted in this great common cause."

Good Men Are Worth Even More Pay

SOME of the folks are again raising the old question—can a man earn \$200,000 per year as president of a great railroad? The answer is yes. American-size railroads are kingdoms in themselves. The difference between a slow-poke and a live one at the top of the work is the difference between a nuisance and a service, between millions lost and millions made. Railroad history proves that no head of a big road was ever paid more than the job itself was really worth. Our transportation must grow with our growing country, and it cannot grow except by giving the prizes that draw brains and nerve and energy. The railroad business must offer rewards at the top, or it will be at the bottom of the economic heap, and a lot of our business possibilities will go down with it. Unearned, big pay is a scandal; earned, a national economy.

Lenin

FEW men are more difficult to appraise justly than Lenin, for little is really known about him, and that little is distorted by fear and hope. Lenin, as he is reported to us, is a legend either of devilry or of hero-worship, but certainly not a man.

Both legends assume that he made and directed the greatest social upheaval of our age. The legends disagree as to the good and evil he has done. They do not disagree about the power he has exercised. Yet it is altogether unlikely, it seems to us, that Lenin has been so great a man, for good or for evil, as he is painted.

It seems to us more probable that Lenin was raised to power by a revolution which he did not make and did not understand. The social organization of Russia had broken down utterly under the strain of the war. Lenin's victory in the streets of Petrograd and Moscow made it certain that no attempt would be made to restore the old regime. But the revolution which followed was not made by Lenin. He allowed it to happen. He prevented any attempt which some other Central government might have made to preserve the rights of landed property against the peasant rebellion. But this peasant rebellion was not led by Lenin, nor were its consequences foreseen by him.

Lenin gave the peasants negative help. His positive power was at first concentrated in the towns. And with this positive power he attempted to realize a proletarian Socialist state. This was the revolution which Lenin planned. The peasant revolution was never a real part of his program. But the peasant revolution succeeded and the proletarian revolution failed. The simple confiscation by the tenants of absentee-landlord property was accomplished. The complicated attempt to administer machine industry on Communist principles broke down in a bureaucratic tangle.

If the ability to forecast human events and act accordingly is a mark of great statesmanship, then Lenin will not, we think, rank high among statesmen. But if the ability to learn from experience, to admit of error, and to carry followers along though you have reversed your policy, is a mark of leadership, then Lenin is one of the great popular leaders of this age. If you measure him by what he started out to do and by what he thought he was doing, his failure is abject. But if you measure him by his capacity to keep afloat in very troubled waters, regardless of goal or purpose, then he is perhaps a greater opportunist than even Mr. Lloyd George himself.

There is no such thing as a final judgment of history. About Lenin there will certainly be nothing approaching finality of judgment while any of us is alive. He is associated, perhaps as a cause, perhaps as effect, perhaps as both cause and effect, with one of the turning-points of history. In his time, whether by his effort or in spite of it, Russia came out of the middle ages into a turbulent transition toward a future which neither Lenin nor any one else can forecast.—New York World.

Fire Protection Week

TO reduce the number of unnecessary conflagrations, mostly the result of carelessness and ignorance, is one of the most important matters to impress on the public.

Avoidable fire losses reach into the millions of dollars weekly, both in cities and in forest wealth of the nation, and demand constant calling of attention to this waste and criminal loss.

Efforts to save the forests of the country from fire will be commemorated during the week of April 22-28, in accordance with a proclamation issued by President Harding on March 5.

The idea of a special week to be devoted to forest fire prevention originated in the Pacific Northwest in 1920, and the observance has since become nation-wide.

The proclamation calls attention to importance of forest preservation to the industrial and commercial life of the nation and to individual welfare.

It points out that fires are the result of carelessness or thoughtlessness, seriously threatening the timber supply and endangering the cover of the watersheds of streams that are used for navigation and irrigation.

FAMILIAR POEMS

THE DAYS GONE BY

O the days gone by! O the days gone by!
The apples in the orchard and the pathway through the rye;
The chirrup of the robin, and the whistle of the quail,
As he piped across the meadow sweet as any nightingale;
When the bloom was on the clover, and the blue was in the sky,
And my happy heart brimmed over, in the days gone by.

In the days gone by, when my naked feet were tripped
By the honeysuckle tangle where the water-lilies dipped
And the ripples of the river lipped the moss along the brink,
Where the placid-eyed and lazy-footed cattle came to drink,
And the tilting snipe stood fearless of the truant's wayward cry
And the splashing of the swimmer, in the days gone by.

O the days gone by! O the days gone by!
The music of the laughing lip, the lustre of the eye;
The childish faith in fairies and Aladdin's magic ring—
The simple, soul-reposing, glad belief in everything—
When life was like a story, holding neither sob nor sigh,
In the golden olden glory of the days gone by.

LIFE'S LOVELINESS

I have loved autumn sunlight on far hills
And music of a distant waterfall,
The murmur of incoming tide that spills
Its fullness on pale sands, the eerie call
Of white gulls winging through a windy mist
Laden with scent of salt and of the sea;
I have loved valleys veiled in amethyst,
The opening of spring's anemone;
Yet I have seen this radiance caught up
Into one perfect flower of myriad hue;
Beauty and laughter brim my lifted cup
Since all life's loveliness has turned to you.
—Elizabeth Scollard

MOONLIGHT ON THE OCEAN

Some sights there are too beautiful for earth.
We seem to live in an enchanted dream.
Fearing to stir lest we shall break the spell,
As on a night like this, when the full moon
Pours all its splendor on the rising tide
And shows a glittering, crinkled silver path
Trod only by the oncoming waves
That break
In showers of diamond spray upon the shore;
And yielding to the magic of the scene,
The soul, entranced, forgets the body's bonds,
And floats far out above that moonlit flood,
And enters in the mystery of night.

O, if the things of earth can be so fair,
What fairer sight shall take the place of this,
So that we shall not miss it, in that land
Where there will be no night and no more sea!
—Mary W. Ringwalt

ODDS and ENDS

DISCOURAGING

Mr. Whitmore, in making the closing speech, made a strong appeal for more men to attend church on Sunday. This was followed by a soprano solo, "Idle Words," sung by Mrs. Nelson, accompanied by John Denton on the piano—From an item in the Tarrytown (N. Y.) Daily News.

FAST BY COMPARISON

"Waiter," said the customer, after waiting fifteen minutes for his soup, "have you ever been to the zoo?"
"No, sir."

"Well, you ought to go. You'd enjoy seeing the turtles whiz past you."—The Juggler.

LENT

The doctor called a man who was ill and told the wife she must put him into a recumbent position.

"A what, doctor?"

"A recumbent position," said the doctor.

As soon as he had gone she went to a neighbor and said: "Mrs. Brown, could you lend me a recumbent position?"

But Mrs. Brown was determined not to show her ignorance and answered: "I'm very sorry, my dear, but I've just lent mine to Mrs. Smith."—Medical Record.

READY TO OBLIGE

Judge (to defendant): "Do you want to challenge any member of the jury?"

Ex-Prize-fighter: "Ah ain't feelin' jes' right, Judge, but ah don't mind goin' a couple of roun's with that fat gemmun in the co'ner."—Life.

EXPLOSIVES

Eight gallon crocks, copper boiler, gas stove and private lockers in even temperature basement for use of tenants.—From a classified ad in a Seattle paper.

Several senators were talking so fast when Congress adjourned they haven't been able to stop yet.

DRIVER BEWARE OF "OLD MAN SKID"

Gentle rains threaten to sneak upon the unwary motorist this month and cause a lot of grief for him if he doesn't look out. We have with us "Mr. Skid." "Mr. Skid" is not a person, but he is a very dangerous agent, nevertheless, declare officials of the Auto Club of Southern California.

"Mr. Skid" is a ghostly passenger who travels with every motoring party whenever they go out in the rain or on sprinkled streets. Mr. Skid is like the old man of the sea. He just sticks with your car through thick and thin and the only way to get rid of him is to chain him. You can chain him by putting skid chains on your wheels when you drive on slippery pavements. If you do not, Mr. Skid will have one hand on your steering wheel all the time and is liable to make things very unpleasant not only for yourself but for any other automobile you may encounter on the road, points out the auto club.

He gets busy when you least expect it and when you are sailing along a smooth, slippery road all of a sudden he gets in his dirty work and you go slithering off into the gutter or somebody else's innocent machine.

Don't take a chance! It only takes a minute or two to put on chains and it may save several months of grief and expense. If you want to come to a stop on a slippery road the unexpected is liable to happen and you find yourself continuing on perhaps into a smash-up. Eighty-nine people have been killed in traffic accidents in the County of Los Angeles alone since January 1st. In March there were 553 persons hurt in traffic crashes and during the same month the year before there were only 506 injured.

CONFERENCE WILL BE HELD IN WASHINGTON ON ATHLETICS FOR GIRLS

Mrs. Herbert Hoover has called a conference to be held in Washington this month to discuss athletics and physical training for women and girls, and will also take an active part in the great welfare conclave which is to meet here in May, and of which Mr. Hoover has accepted the local chairmanship. Five thousand delegates are expected to gather in Washington from May 15 to 23 for this 50th anniversary of the National Conference of Social Work.

Too many cooks are still spoiling the Irish stew.

ONTARIO

Starves In Midst of Plenty

The pressing need of further educational work along the lines of infant welfare in Ontario was declared seen today in a death certificate on file in the office of City Clerk D. B. Wynne, which indicates that a child has been allowed to starve to death here.

The child was Josephine Nunes, infant daughter of Mr. and Mrs. R. Nunes, 504 East Park street, and the certificate, signed by Dr. Calvert L. Emmons, who was summoned to attend the infant just before the end, declares death due to "starvation and lack of care."

The Nunes child was born on March 6, and died 11 days later. It was one of a family of nine children.

It is said that considerable is already being accomplished along the line of infant welfare by the city board of health, Dr. S. P. S. Edwards, city health officer, and Miss Kathleen Leahy, city school nurse, particularly through the Parent-Teachers' Association of the Sultana Avenue school, which serves the Mexican population of the city, but it is further said that the work is deserving of more general support.

Miss Leahy stated yesterday that she had seen the Nunes child when it was only four days old, that it appeared to be undernourished at that time and that she advised calling a physician. She declared further that the family was in apparent want, that she had personally secured a job for the father, but that he had refused to work.

According to Miss Leahy, the case of the Nunes child is no exception and there are scores of others needing attention at present. She declares it a case where charity should begin at home.

Endorse McDaniel

Bruce McDaniel, well-known Legionnaire and citrus fruit man of Redlands was given the endorsement of the Inter-Post Council of the American Legion of San Bernardino County for the office of the Department of California, American Legion, at the monthly meeting of the county organization Tuesday night at Hotel Casa Blanca.

The annual election is to be held some time during July and the county organization is planning a strong campaign for its candidate. The meeting here was

attended by 53 delegates, including Legion men from San Bernardino, Arrowhead, Redlands, Colton, Upland and Ontario.

The National Legion convention in October was discussed and plans laid for the organization of a band to represent San Bernardino county at the gathering.

Buron Fitts, former State commander, who was slated to address the meeting, sent word at the eleventh hour that he was detained in Sacramento by important business and that it would be impossible for him to be present.

Harold C. Moore of Upland, who is State assembly committee man, spoke briefly and made a number of valuable suggestions for the furthering of worthy Legion work.

A songfest was one of the interesting features of the gathering and was much enjoyed.

Commercial Secretaries

Members of the Commercial Secretaries' Association of Southern California are to meet in Ontario tomorrow. B. W. Spencer, secretary of the Ontario Chamber of Commerce, is in charge of the local arrangements.

The secretaries will arrive in the morning by special Pacific Electric cars. The first thing on

the program is to be a trip through the big Hotpoint plant of the Edison Electric Appliance Company, after which they will enjoy a trolley trip up Euclid avenue to San Antonio Heights.

Returning, they will stop at Chaffey High School, will inspect that half-million dollar plant and will have luncheon in the Home Economics building, where their regular business meeting will also be held. Sixty-five secretaries are expected to attend.

Radio World Peace

That the perfection of radio, now in its infancy, is destined to play a big part in effecting real world peace and understanding and a closer co-operation between nations, was the outstanding declaration Tuesday after-

noon of Clyde J. Bryant, president of the Pacific Coast Radio Corporation, in an instructive talk before members of the Ontario Chamber of Commerce in their weekly forum luncheon.

Mr. Bryant states that the Radio Corporation of America is shortly to erect nine 5000-watt broadcasting stations in the various population centers of the country, which will not only be of sufficient strength that California radio fans may hear programs broadcasted from New York, but by which it will be possible to communicate direct with practically all parts of the world. With direct intercommunication assured between the people of the various nations, a better understanding and greater harmony is bound to follow, in the belief of Mr. Bryant.

Upland Business Men's Association

Society

WOODS-BARRETT WEDDING—

A very pretty home wedding was celebrated on Wednesday, March 28th, at 3 o'clock, at the home of Mr. and Mrs. M. J. Ritterrath in Hollywood, when Miss Helen Barrett and Frank A. Woods, both of Ontario, were married in the presence of some seventy relatives and friends.

The Rev. C. Hubbard, of the Church of the Open Door, Hollywood, officiated, using the double ring ceremony. Arthur Ritterrath acted as ring-bearer.

The bride wore a gown of white satin, made after a quaint design with puffed sleeves, long skirt and a basque, the bridal veil fastened with orange blossoms, and her shower bouquet of white roses and maidenhair fern with streamers of orange blossoms and ribbon completing a charming picture.

She was attended by Miss Hazel Dustin of Ontario, who wore a frock of crushed roses trimmed with velvet rose petals of the same hue. The maid of honor's bouquet was an old-fashioned nosegay of daffodils and sweet peas.

Karl Pree, of Upland, acted as best man to the groom.

The bride was given away by her aunt, Miss Anna L. Barrett, of Springfield, Ohio, and the ushers were Mr. Ritterrath, S. J. Partridge of Hollywood, and Dr. James Drane of Mesa, Arizona.

As the bridal party approached, Mrs. Ritterrath played the Bridal Chorus from Lohengrin, and later sang very sweetly during the ceremony. The house was beautifully decorated with roses and ferns, and the weather being one of California's wonderful spring days, the guests, after the wedding, gathered in the garden, where tables were placed for refreshments served following the service.

Mr. and Mrs. Woods left for a short honeymoon in the mountains and will make their home in Upland, at 1460 East Ninth Street, where they will be at home to their friends after April 10th.

Mrs. Woods will continue her work as teacher in the Ontario grammar schools, where she has the eighth grade, until the end of the school year in June. Mr. Woods is connected with the Armstrong Nurseries in Ontario.

CLASS PARTY AT W. F. GOODBAN HOME—

Mr. and Mrs. Ralph Goodban and Mr. and Mrs. Harry L. Jennison were hosts last Monday night at the home of W. F. Goodban on West Tenth Street, to members of the Young People's Missionary So-

ciety, some twenty-five guests being present.

After a short program, many amusing games were played, among them being an Easter form of table croquet, in which the balls, mallets and hoops were all made of egg shells. The decorations and games were all in keeping with the Easter season and delicate hand-painted favors marked the places at supper for each guest.

Among those present were Rev. and Mrs. C. A. Kent, Mr. and Mrs. Harold J. Stickney, Mrs. Glenn Wright, Mrs. L. E. Moser, Mrs. B. F. Anderson, Mrs. Alida Spies, Mr. and Mrs. James Goodban, Miss Elizabeth Fossett, Miss Lela Farmer, Miss Ruby Moser, Miss Ruth Crane, Miss Millie Sanberg, Miss Gladys Riley, Miss Jessie Brown, Miss Selina Armstrong, Cleo Moser, Melvin Armstrong and Theron Goodban.

EMBROIDERY CLUB ENTERTAINED—

Mrs. Herbert C. Naylor was hostess to members of her Embroidery Club on Wednesday afternoon, when they met at her home, 513 Eighth Avenue, for an informal social hour filled with merry chat and needlework.

Spring blossoms made the rooms very attractive and the hostess ended a delightful afternoon with the serving of delicious refreshments.

The following members and guests were present: Mrs. Harold J. Stickney, Mrs. James Goodban, Mrs. Glenn Wright, Mrs. David Bradford, Mrs. I. J. Linker, Mrs. Francis Rogers, Mrs. Clarence Fossett, Mrs. Fred H. Jacobs, Mrs. R. G. Manley, Mrs. B. F. Anderson, Mrs. J. W. Betz, Mrs. W. R. Farmer, and Miss Florence Mehl.

SISTER OF BISHOP LEONARD TO SPEAK AT ANAHEIM—

Mrs. Lena Leonard Fischer will be the principal speaker at the mid-year meeting of the Woman's Foreign Missionary Society to be held at Anaheim on Wednesday, April 11th. Mrs. Fischer is a sister of Bishop Leonard of the Methodist Church, and is considered one of the finest speakers in America. Her subject will be, "When West Meets East."

The program will begin at 9:25 a.m. in the Methodist Church, corner of Broadway and Philadelphia Streets, Anaheim. Those going from Upland may take the 7:26 car on the Pacific Electric to Pomona, leaving that city on the stage at 8:30 a.m. This is educational year for children of other lands, and a most interesting program has been prepared. Mrs. Fischer's speech will be given in the afternoon and at 6:45 a Young People's Rally will be held. It is hoped that all who can go will attend on Wednesday, as it will be an exceptional chance to hear good speakers.

MR. AND MRS. MacADAM LEAVE FOR CANADA—

Mr. and Mrs. Thomas MacAdam, of West Ninth Street, who have been residents of Upland for the past twelve years, left yesterday for Orangeville, Ontario, Canada, to make their home with their daughter, Mrs. H. Aiken. They still retain their citrus property here and have leased their house to Mr. and Mrs. C. V. Calhoun, who are moving this week from Ontario.

Mr. and Mrs. MacAdam spent the last two or three days here with Mrs. Mary Eckerman and Mr. and Mrs. Ruesink, where their friends called to see them and wish them a pleasant journey to their Canadian home.

LEGION WOMEN TO MEET ON MONDAY—

At the regular meeting of the Woman's Auxiliary of the American Legion, which will be held on Monday, April 9th, at the club house on Second Avenue, Mrs. Clara Henderson, Red Cross director from Arrowhead Springs Hospital, will be the speaker of the afternoon.

Mrs. Henderson has recently arrived here from the east, and this is a splendid opportunity for the legion women to meet her and hear what she has to say. The president, Mrs. Elizabeth Moore, urges all members to be present, and hopes for a large audience. Mrs. Hjalmar Anderson will sing several songs, and the entire program will be one of the most interesting ever held.

Final plans will be decided on for the sale of rag rugs, baskets, lamps and other articles made by the boys at Arrowhead, and which will be for sale on Community Sales Day at the Legion club house. So many people were disappointed at the previous sale of rag rugs, there being only a few for the many would-be purchasers that Mrs. Moore has tried to have a larger assortment for the coming sale, in order that everyone desiring one may be able to buy. The hand-work done by the soldier boys is remarkable and everyone who has bought articles made by them has been delighted.

MRS. EDWARD LUTZ HOSTESS TO G. T. CLUB—

A very enjoyable time was spent yesterday afternoon by members of the G. T. Club when they met at the home of Mrs. Edward Lutz on Eleventh Street for their social gathering.

Mrs. G. B. West, who has been absent from club meetings for the past year owing to the illness both of herself and members of her family, was present yesterday, much to the delight of her club sisters. She was warmly welcomed and hopes expressed that she would be able to attend the club gatherings regularly.

The afternoon passed delightfully

in merry conversation, the coziness of the living rooms with the lovely bouquets of roses making a charming contrast to the rainy stormy weather. Mrs. Lutz was assisted in serving refreshments by her two daughters, Mrs. Steve Allee and Miss Clara Estelle Lutz, to the following guests: Mrs. West, Mrs. Charles Allen, Mrs. R. R. Wisely, Mrs. Anna Myers, Mrs. Fred Wilding, Mrs. L. E. Alford, Mrs. A. M. Wisely, Mrs. L. O. Bowman, Mrs. J. P. Hamilton, Mrs. E. R. Son, Mrs. H. O. Blohm, Mrs. L. E. Kronmeyer.

VAUGHN-CASTLE WEDDING—

Friends of Miss Althea Castle will be interested in hearing of her marriage, which took place in Los Angeles on Wednesday to Harry L. Vaughn, of Pomona.

The ceremony was a quiet one, the bride wearing a handsome traveling suit, being attended by her sister, Miss Sadie Castle, while John Castle, brother of the bride, acted as best man to the groom.

Following the ceremony, Mr. and Mrs. Vaughn left for a motor trip in the north part of the state, and will be at home to their friends at their Pomona home early in May.

Miss Castle is a graduate nurse and had her training in the San Antonio School for Nurses.

ENGAGEMENT ANNOUNCEMENT—

Announcement of the engagement of Miss Ruth Cline, daughter of Mr. and Mrs. W. C. Cline of this city, to Robert Barr Campbell, son of E. B. Campbell of Ontario, was made yesterday at a very charming affair given by the future bride's parents at their home on Washington Boulevard.

Bridge was played during the early hours of the evening, the prize for high score going to Miss Elizabeth Wedel, and the consolation gift to Mrs. Hubert L. Manker.

After the game the guests were ushered into the dining room where a pretty sight greeted them in the decorations. From the electric chandelier came streamers of pink satin marking off each cover, and at the end of each ribbon was a basket bouquet of rose buds containing a paper scroll with the announcement thereon. Sweet peas and Cecile Bruner roses added further to the pleasing effect.

Following the cordial congratulations and good wishes showered on Miss Cline by her friends, a delicious three-course supper was served, Mrs. Cline being assisted by Mrs. Anna Myers, who was largely responsible for the very attractive decorations.

The invited guests were all old-time school friends of Miss Cline's, and included Miss Mildred Bost, of Wineville; Miss Dorothy Drew and Miss Marion Kouts, of Ontario; Miss Marion Kouts, Miss Mildred Myers, Miss Gertrude Eymann, Miss Marjorie Long, Miss Freda Wedel, Miss Elizabeth Wedel, Mrs. Pearl Wilson, Mrs. Frank K. Nichols, Mrs. Hubert L. Manker, all of Upland; Miss Iva Merrin, of Canada; Mrs. Heber Chewett (Thelma Sikes), of Chino; Mrs. Orville Lee (Mildred Bower), of Pasadena; Miss Carroll Duley, and Miss Florence Hawthorne of Los Angeles.

COCOANUT GROVE NIGHT AT RED HILL CLUB—

A dinner dance given by members of the Red Hill Country Club last Tuesday night at The Sycamores was one of the most successful affairs ever attempted by this organization.

Over 100 couples were present, and music was furnished by O'Hara's Orchestra, while for those who did not care for dancing, tables of bridge and Mah Jongg provided entertainment.

Decorations for the affair were brought from the Coconut Grove at the Ambassador Hotel, Los Angeles, and the ballroom, dining room and lobby of The Sycamores were gay with the palms, Easter adornments and hundreds of shaded lights.

On the general entertainment committee were C. E. Grier, chairman; Mrs. Welles T. Ross, Mrs. Harold Latimer, Mrs. Samuel Rowe, Dr. W. H. Craig, Jr., Mr. and Mrs. C. E. Grier, Mr. and Mrs. Royal Miller, Mr. and Mrs. Hugh H. Frankish, Dr. and Mrs. Frank M. Taylor, Mr. and Mrs. Harvey O. Chapman, Mr. and Mrs. Howard M. Shattuck, Mr. and Mrs. L. A. Weller, Mr. and Mrs. W. H. Horst, and Mr. and Mrs. Milton Davenport.

Others responsible for the success of the evening were: Dr. and Mrs. W. H. Craig, Jr., Mr. and Mrs. C. E. Grier, Mr. and Mrs. Royal Miller, Mr. and Mrs. Hugh H. Frankish, Dr. and Mrs. Frank M. Taylor, Mr. and Mrs. Harvey O. Chapman, Mr. and Mrs. Howard M. Shattuck, Mr. and Mrs. L. A. Weller, Mr. and Mrs. W. H. Horst, and Mr. and Mrs. Milton Davenport.

D. A. R. DELEGATE LEAVES FOR WASHINGTON—

Mrs. E. W. Thayer left yesterday morning over the Southern Pacific railroad for Washington, D.C., where she will attend the 32nd Continental Congress on April 19th of the Daughters of the American Revolution, as a delegate from the San Antonio Chapter. Mrs. Thayer will continue her journey further east to Massachusetts after the congress is over and will spend some weeks visiting friends in that state, returning to Upland the latter part of May.

Mrs. H. de Berard was also elected delegate but is unable to attend.

She will be represented by the alternate delegate, Mrs. S. Young, a former resident of Ontario but now living in Washington. Mrs. May Hart Smith of Ontario, who is spending some time in New York, will also be present at the Congress, having made plans to that effect before leaving Ontario. Mrs. Smith is the State Officer of the Flag.

CROWELL HALL SCENE OF PLEASANT PARTY—

Mr. and Mrs. John E. Engle and Mr. and Mrs. C. C. Miller were hosts to members of the Advance Bible Class of the Methodist Church last Tuesday evening at Crowell Hall.

A business meeting at which officers for the coming year were elected took place during the early part of the evening. Those chosen were C. C. Miller, president; Mrs. James Thompson, vice-president; Mrs. Edna Busby, secretary; Mrs. Bundy, treasurer.

After the business meeting a very jolly social hour was spent, and the serving of delicious refreshments brought the pleasant evening to a close.

BUSINESS WOMEN TO HEAR TALK FROM BUSINESS MEN—

The regular meeting of the Upland Business Women will be held next Tuesday at noon in Crowell Hall, when a luncheon will be served by members of the Ladies' Aid.

The program will consist of talks from the chairmen of the three leading men's organizations in Upland, A. M. Fielding, president of the Upland Business Men's Association; P. H. MacQuillen, president of the Rotary Club, and L. R. Bradley, president of the Chamber of Commerce.

Members are asked to be on time as the noon hour is the shortest in the whole of the twenty-four. Also they are requested to notify the business manager, Mrs. R. C. Williams, phone 162-J, whether they are able to attend the luncheon or not.

HEMET-SAN JACINTO ANNUAL FESTIVAL

A great annual festival is being planned by the two towns of Hemet and San Jacinto, who are joining their forces together under the Hemet-San Jacinto Chamber of Commerce, and under the direct supervision of Garnet Holme, a great play known as the Ramona Pageant, will be staged in a large open-air theatre in a beautiful canyon south of Hemet. This pageant or play has also been written by Garnet Holme, and is especially adapted to conditions and surroundings.

Over one hundred people will take part, depicting in real life the scenes of Ramona as given to us by Helen Hunt Jackson's book. The old home of Senora Mereno and Don Felipe will be presented in all its Spanish glory. Associated with it will be the Mexican cattlemen, the sheep-shearers led by Alessandro, the hero of the story. Little children will give a touch of life to the populous home of the Senora. Spanish and Indian songs and dances will enliven the occasion. The tragic shooting affray of Alessandro by the wicked Jim Farrar, will be shown in a modified form. The two towns are alive with enthusiasm in the activities of this affair as this play will be presented each year as an annual event for these two cities, because in the San Jacinto Valley not only the real Ramona and Alessandro lived and died, but here in this valley and surrounding mountains are associated practically all the factors and events that Helen Hunt Jackson used in her wonderful book.

Miss Virginia Calhoun, who owns the acting rights of Helen Hunt Jackson's novel, has kindly given permission to the people of Hemet and San Jacinto to produce their own version exclusively within the Ramona Bowl.

INTERESTING MEETING OF W. C. T. U.

The Regional Conference of the W. C. T. U. was held on Thursday afternoon and evening in the Methodist Church and proved a most successful meeting. Several new members joined during the day, and in spite of the gloomy weather there was a large attendance.

Mrs. Eva Wheeler's address, "Round the World in Sixty Minutes," illustrated with living pictures, was most interesting, and the various speeches on "Citizenship" by local speakers were full of interesting matter.

Mrs. Lucy Wilhoite had charge of the devotionals in the evening, and Mrs. J. J. Atwood in the afternoon, while the benediction was pronounced by the Rev. R. C. Stone.

big event on May 1, when the anglers will cast their lines for the first time in 1923. Many sportsmen in this section are already laying in their supplies ahead of the big rush, according to word from the sporting goods dealers. The same conditions are general throughout Southern California, it is said.

Present indications are that the season this year will be better than normal. At the present time the streams are low because of the lack of snowfall in the mountains. If these conditions continue the season should open with fishing extra good, old timers declare.

The streams of San Bernardino County have been liberally supplied by the Fish and Game Commission and there is every reason to believe that the young trout

did well. There were no unusually heavy storms in the mountains during the past winter, and the streams did not run so high as usual. Every condition favored the young trout who will provide the sport for the fishermen of this district during the opening weeks of the season.

It would be difficult to venture a prediction where the best stream fishing would be found. Every old timer here has his favorite streams and it would be hard to convince him that better fishing exists in other streams. Others have that little nook that "nobody else knows where it is, just you and I." While many others probably know of the same spot it is the favorite lounging place of the "regulars" and it would be hard to guide them to another spot.

LOCAL HAPPENINGS

Mr. and Mrs. Miles Harnley were guests last Sunday at the home of their son and daughter-in-law, Mr. and Mrs. Verne Harnley, at Redlands. Miss Williamina Harnley is expected home today from Redlands University for a week's holiday, the spring vacation starting in today.

F. B. Harn has joined the clerking force at Johnson & Brown's grocery store, increasing the number of busy workers in that store to seven.

Miss Geraldine Norton, daughter of Mr. and Mrs. R. C. Norton, was elected president of the McDowell Club at Chaffey when the club met last Monday for its usual session.

Mrs. Miles Harnley spent Wednesday and Thursday in Pasadena attending the tenth anniversary of a literary club of which she is a charter member. While away she was the guest of friends in the Crown City.

Mr. and Mrs. R. F. Nichols of Los Angeles were guests last Wednesday of Mr. and Mrs. Christianson at their home on Ninth Avenue. Both men are ex-service buddies and enjoyed their day's visit together.

We sell more Draperies every day. —Manker & Benson. 91-t-10

Cecil Kilewer is seriously ill at the San Antonio Hospital. It is expected he will be under the hospital's care for the next few weeks.

Mrs. H. A. Eymann celebrated her seventieth birthday on Easter Sunday and was fortunate in having many of her children and grandchildren with her on this day. All who were able to be present gathered at the family home on Washington Boulevard, and spent a pleasant day with the birthday hostess.

Mrs. Lottie Wheeler of South Pasadena is a guest this week at the home of Mrs. Alice Erixon on East Ninth Street.

Mr. and Mrs. Robert Klindt have moved from their home on Tenth Street into the house they have recently built on Second Avenue. Mr. and Mrs. Donald Brady have taken the house formerly occupied by the Klindts.

Miss Ruth Byer, daughter of Mr. and Mrs. J. H. Byer of this city, who has been a missionary in India for the past seven years, is returning home on a year's furlough. Her father and Earl Byer of El Centro went to San Francisco to meet her when she arrived on the steamer President Taft Wednesday morning. Miss Byer is expected in Upland today and will spend several months here and also visit in the eastern states before returning to her work in India.

Mrs. L. R. Nichols is now in her new location, 263 East Ninth Street, and ready to take your order for hemstitching. Mrs. Esmer B. Gould is associated with her and conducts the millinery department. A very choice line of Spring and Summer Hats are now on sale. 93-t-1

Grand jury committees are inspecting the operation of the various county departments. A group of inquisitors were at the detention home last week. The report of the 1922 grand jury is expected early in June, marking its retirement.

James O'Day, who claimed to have been the first engineer on the Santa Fe lines to make the run between Los Angeles and San Bernardino, is dead. O'Day died at the Old Soldiers' Home at Sawtelle, where he had resided for many years. The engineer was one of the veterans of pioneer railroading in the west, coming to California after the Civil War, where he served with distinction in a unit attached to operation of the limited railway facilities.

When you need a shave or hair cut go to Taylor & Bundy, East Ninth Street. 93-t-1

Mrs. J. H. Tracy will be hostess next Monday afternoon to members of St. Mark's Guild when they meet for the usual monthly business. At this time plans will be discussed and formulated for the entertainment of the visiting clergy and laity who will be here from various parishes in Southern California to assist in the celebration of the consecration of St. Mark's Church on St. Mark's Day, April 25th.

Friends will be sorry to hear of the illness of Grandma Byer, who has been confined to her home on Third Avenue for some time. She is reported recovering, but is not yet fully restored to her usual state of health. It is hoped that she will soon be out among her many friends.

Professor O. T. Hirschler, of Los Angeles, was a visitor in Upland this week, spending Tuesday and Wednesday with his mother, Mrs. Christine Hirschler, at her Sixth Avenue home.

Early yesterday morning the county "dry" squad raided the Joe Mortarotti ranch on Highland avenue, near Etiwanda, and confiscated 3000 gallons of wine. Mortarotti was arrested. Phillip de Georgia and Peter Luscia were arrested in another raid by Deputy Sheriff Brown, Kyrkendall and Amarias in the Etiwanda district.

Mr. and Mrs. William White have sold their house and property on Eighth Avenue to Edward Polk, and will move to their new home at Nard some time in May. Mr. and Mrs. White have lived in Upland for several years and their friends are sorry to lose them, even though they are not going very far away.

Mrs. Rose Mary Williams of Berkeley arrives at noon tomorrow for a short visit with her sister-in-law, Mrs. George Somes. Mrs. Williams leaves on Monday for Paris, France, where she will remain for a year or so studying the French language.

Mrs. R. C. Williams has leased the Tioga Apartments for the next two years to Mrs. A. A. Floyd, of Portland, Oregon, who has recently come here to live. Mrs. Floyd, who took possession on the first of the month, has been in the apartment business for several years, and is thoroughly experienced in that line.

The Men's and Sentinel Classes of the Methodist Church have planned a delightful social for their next meeting, which will be held at 7:30 next Tuesday evening at the church.

Mrs. O. K. Granger and Miss Harriet Granger, who have been visiting Mr. and Mrs. Clyde Du Vall for the past few days, left yesterday for Whittier and Santa Ana for a brief stay with relatives before returning to their home at Taft, where Miss Granger is nurse in schools and welfare worker in the schools.

Mr. and Mrs. C. M. Sikes motor to Los Angeles on a business trip last Wednesday.

Members of the Merry Wives Club are being entertained today by Mrs. Thomas Harris at her home on East Twelfth Street.

The regular meeting of the Ladies' Aid, postponed last Tuesday on account of the Community Hospital exercises, will be held next Tuesday at the Presbyterian Church. The Monte Vista Home for Aged Women will be discussed and also the church manse. Mrs. R. C. Norton is chairman of the social hour, assisted by Mrs. R. R. Wisely, Mrs. A. M. Wisely and Mrs. Mary J. Wilson.

Taylor & Bundy can supply your every need in shaves, hair cuts, or massages. Call at East Ninth Street. 93-t-1

A. C. Bussey, of Riverside, was a business visitor in Upland on Thursday.

Reed French is now working in the Russell and French meat department of the Upland Public Market, where he is meeting many old friends.

Dr. and Mrs. J. H. Titus are receiving congratulations on the arrival of a baby girl at their home in El Morada Court, Ontario, on Wednesday, April 4. This is the third little daughter and both her sisters are delighted over the event. Mr. and Mrs. M. E. Titus of Upland are also being congratulated on their new granddaughter.

WOMAN FIGHTS FOR WINE CELLAR

Protecting 5000 gallons of wine stored in a vast cellar beneath her home at Declez, ten miles east of Ontario, Mrs. Teresa Rappolo, late yesterday, threatened to kill four officers with an automatic shotgun.

Overpowered and handcuffed to a tree, Mrs. Rappolo was forced to stand by as the officers poured out 1000 gallons of the wine and confiscated the remaining 4000 gallons.

Under Wright Act
The officers, Deputy Sheriffs Jack Brown, Otto Kyrkendall, Jesus Amarias and Constable Cliff McDonald, of Rialto, went to the Rappolo home to arrest Frank Rappolo on a warrant charging violation of the Wright Act. He was not at home.

As Deputy Sheriff Brown read a search warrant to Mrs. Rappolo, the other three officers crawled into the wine cellar. Mrs. Rappolo apparently could not understand.

Sees for Interpreter
Seeing they were officers, she rushed back into the house and locked the door. A minute later she appeared with a shotgun and, babbling unintelligibly, she leveled the gun at Deputy Sheriff Brown. By signs and gestures he calmed her momentarily and went to a nearby ranch after an interpreter.

Officers Kyrkendall, Amarias and McDonald went into the cellar. Guarding the stairway to the cellar, they waited the return of Officer Brown.

But Mrs. Rappolo entered the cellar from a trapdoor opening from the floor of the house. As she leveled the shotgun at Officers Kyrkendall and McDonald, Officer Amarias grabbed her, forcing her to the cellar and disarming her.

Wine is Confiscated
Kicking and screaming, Mrs. Rappolo was handcuffed. Half an hour later her husband, Frank, returned and was arrested. The officers emptied two 500-gallon barrels of wine and loaded 4000 gallons in smaller barrels and bottles onto a truck.

The raid was the closing offensive of the day in District Attorney George H. Johnson and Sheriff Walter A. Shay's attack on liquor traffickers, which in two days resulted in the confiscation of more than 8000 gallons of contraband liquor and the arrest of eight assorted bootleggers in the county and six in the city of San Bernardino.

COULDN'T KEEP IT
Tom (considerably mused up)—I been out looking for a fight. Jack—Evidently you found it. Tom—Yeah, but I lost it right away!—Kansas City Star.

IN THE MARKET
WANTED—Any amount of hives. O. A. H. Phone set. 2a.—Classified ad in the Santa Rosa Press Democrat.

CHURCH NOTES

PRESBYTERIAN CHURCH

The Sacrament of the Lord's Supper is to be administered at the morning service on Sabbath in the Presbyterian Church. Also the new officers are to be installed. Any wishing to unite with the church may do so at this time. Service at 11 o'clock.

The subject for the evening service at 7:30 is "God's Good Purposes."

Sabbath School meets at 9:45 a.m. The C. E. are to meet at 6 p.m. to consider the School of Missions. All interested in studying missions in India for a few weeks are invited. It is planned to have classes for all ages. The C. E. Alumni are to have a class, too.

The Young People's Choir is to meet at the manse at 5 in the evening. Miss Janet Stone is to meet with the choir at this time. She invites all at this time who can possibly come.

The Presbytery of Riverside is to meet at Beaumont on Tuesday of next week.

FIRST CHURCH OF CHRIST, SCIENTIST, Ontario, California

Services are held in the church edifice, Euclid Avenue and G Street, at 11 o'clock Sunday mornings and 8 o'clock Wednesday evenings. At the Wednesday evening meeting testimonies of healing are given.

Sunday School convenes at 9:45. The subject for next Sunday's lesson-sermon is "Unreality."

The Christian Science Reading Rooms are located in Suite 9, Ontario National Bank Building, and are open week-days from 12:30 till 4:30 p.m. The public is cordially invited to all services.

BETHANY UNION CONGREGATION, San Antonio Heights

The C. E. at 9:15 a.m. Sunday School at 2:45 p.m. Sermon at 4 p.m. by the Rev. Haldor Lillenas, evangelist, of Redlands, Calif. Prayer Meeting Wednesday evening at 7:30.

METHODIST CHURCH

9:45 a.m.—Sunday School; 391 present last Sunday.

11 a.m.—The Woman's Foreign Missionary Society Thank-offering. Rev. Lloyd Lorbeer of India will speak.

6:30 p.m.—Epworth League; topic, "The Christian Motive in Recreation"; leader, Clettie Bigley.

7:30 p.m.—Evening service; sermon by Rev. Z. J. Farmer, "Christ also suffered for you, leaving you an example, that ye should follow His steps."—1 Peter 2:21.

ST. MARK'S CHURCH, Euclid Avenue and F Street

Rev. Bert Foster, D.D., Rector—First Sunday after Easter. Sunday School, 9:30 a.m.

Morning Prayer and Sermon, 10:45. This will be a service of special praise to God for the clearing off of the mortgage. It is hoped that all friends of the parish will come and join in expressing their gratitude. Of course, we gave the money ourselves, but God put it into our hearts to give and gave us the means necessary and we want to thank Him as well as each one who answered our plea. It was a large offering to ask at one service and only God and a generous people could answer us so fully.

Monday—The Guild will meet at the home of Mrs. Tracy, Euclid Avenue, at 2:30 p.m.

Tuesday—The Vestry will meet at G. A. Hanson's at 7:30 p.m. All members requested to attend as we must arrange for St. Mark's Day and have only a short time to complete our plans.

MARCH BUSY MONTH AT THE COUNTY JAIL

March was the heaviest month, from the standpoint of prisoners handled in the county jail, in the past three years, according to figures compiled by Jailer J. H. Berry, in Sheriff W. A. Shay's monthly report.

One hundred and eighty-seven prisoners were handled during March, of which 139 were brought in during the month, 48 being already confined to the jail on March 1. On April 1, 51 prisoners were in the jail.

In compiling the movement of the jail population it was found that only two men and one boy were released on probation or parole during the month. One man was acquitted on trial and the case against him dismissed.

Forty-three men served sentences in the Mill Creek prison camp during the month. Six men were sent to state's prison and three were sent to the reform school.

No escapes were reported from the jail, although one man made an escape from the prison camp.

The report shows that 3,643 meals were served in the jail during the month.

AUTOMOBILE PRICES

GOING TO ADVANCE

Mr. Sikes, of the J. F. Jones Co., Oakland dealers, of 112 North Laurel Avenue, Ontario, says that if you are contemplating buying a new car in the near future, you would be wise to sign up at once.

Some makes of cars have already advanced in price, and it looks as if there would be a general raise all along the line, as materials have advanced from 15 to 35 per cent.

If you have not inspected the Oakland 6-44, it would pay you to do so before buying, especially if dollars and cents figure in your investment.

We claim to have the most economical, six-cylinder car in the world, and are ready to prove it. We can make immediate delivery on all models at present.—Adv.

AUNTIE HELPS

The sectarian issue is not unknown in Australian politics. The story is told of a British politician who went down to a constituency with a view to being selected as its candidate for a by-election. He addressed a meeting of the electors, and sought, through his speech, to discover the prevailing religious tendency of the constituency. "My great-grandfather," he said, "was an Episcopalian" (stony silence), "but my great-grandmother belonged to the Presbyterian Church of Scotland" (continued silence). "My grandfather was a Baptist" (more silence), "but my grandmother was a Congregationalist" (still frigid silence). "But I had a great-aunt who was a Wesleyan Methodist" (loud applause), "and—and I have always followed my great-aunt" (loud and prolonged cheering). He got in.—The Christian Evangelist (St. Louis).

CONNECTICUT AND RHODE ISLAND PICNICS

Dr. Geo. H. MacNeil, phone 64523, president of the Connecticut Society of Southern California and Stephen A. MacNeil, phone Broadway 7640, president of the Rhode Islanders, call on all who have ever lived in these States to meet for a great picnic reunion, all day, Saturday, April 14th, 1923, in Sycamore Grove Park, Los Angeles. Come early and spend the day with friends.

There will be county registers and headquarters so that one can find the old neighbors even with thousands present.

The main purpose will be to have a good time.

Former residents are all invited and should attend so as to make these the greatest picnics in our history.

Bring your baskets well filled and share with friends.

Coffee will be served free to all who buy the souvenir badges. Tables can be reserved for college, county, or town reunions. Each one who learns of this picnic is asked to pass the word along.

Further information may be had of the presidents, or of C. H. Parsons, secretary of the Federation of State Societies, Continental National Bank, Main at 9th street, Los Angeles, phone 10261, where our registers are kept on file and all may see them.

APRIL SHOWERS BOOST FLOWERS

April showers in Southern California are bringing May flowers for motorists to enjoy. According to an announcement from the Automobile Club of Southern California the desert regions of this part of the state are in blossom at this time of the year.

Wild flowers are not as profuse this season on the desert as they were last. Word received from the club touring bureau from the vicinity of Palm Springs and other desert points informs motorists that this year's flowers are very beautiful to behold.

In the mountain districts wild flowers are at their best in April and hundreds of motoring parties are enjoying them to the utmost. In the mountains of San Gabriel County and Santa Barbara County hundreds of varieties of wild flowers can be seen. Auto club representatives visiting the vicinity of Pine Hills and San Diego County report acres of beautiful flowers.

FOR A "HE" EUROPE

We take exception to the custom of speaking of Europe as "she." The woman always pays.—Louisville Courier-Journal.

"Well, if the mere matter of changing its sex will help any, let's do it."—Newark (Ohio) Advocate.

HISTORY'S MYSTERIES

THE FEMALE STRANGER

VISITORS to the cemetery attached to St. Paul's church in Alexandria, Va., seldom leave without examining the inscription upon a handsome monument which is one of the outstanding places of interest in the city as well as one of the most baffling riddles of identity which the passage of more than a century has failed to solve. This inscription comprises within a few lines all that the world knows of the woman in question, for it reads:

TO THE MEMORY OF THE FEMALE STRANGER

Whose mortal sufferings terminated on the fourth day of October, 1836, aged twenty-eight years and eight months, this stone is erected by her desolate husband in whose arms she breathed out her last sigh, and who, under God, did his utmost to soothe the dull, cold car of death.

That is all—and the most determined efforts of the residents of Alexandria during the first half of the last century, failed to throw the slightest light upon the mystery.

The facts in the case are few, but, such as they are, they are supported by the unassailable evidence of a number of persons who were eyewitnesses to the brief public appearance of the "female stranger." The brig Four Sons docked at Alexandria on July 25, 1816, en route from Halifax to the West Indies. The Virginia city was not a port of call on the regular route, but the captain stated that one of his passengers had been taken dangerously ill and that her husband had demanded that she be put ashore at Alexandria, where a boat was lowered, and a man and woman, the latter apparently very ill, were taken ashore.

Despite the heat of mid-summer, the woman wore a heavy black veil, and her husband secured the best suite in the Inn of the Bunch of Grapes, as well as the services of a well-known physician whom he engaged only after pledging him to strictest secrecy. Even in the presence of the doctor, however, the woman's face was kept veiled, and the husband steadfastly refused to hire a nurse, saying that he was entirely capable of handling the case and that he was able to do anything that a nurse could do.

As the weeks of scorching hot weather progressed, however, the man began to wilt under the constant strain of watching beside the bed, and finally agreed to permit two of the guests in the Inn to help him—but only after they had taken an oath that nothing they might learn would ever be divulged, an oath which was kept as a sacred trust.

During the ten weeks which followed the woman's arrival in Alexandria, she grew steadily worse, and at last, at dawn on October 4, her husband announced that she had died. Then, for fear that someone might see the face which he had kept hidden from the world, he himself prepared the body for burial, sealed the lid of the coffin, and, after attending the funeral and ordering the headstone with the strange inscription, disappeared.

On October 4 of the following year, Alexandria was surprised at the sudden and unheralded return of the husband, who remained in the city only long enough to place flowers on the grave of the "female stranger," and to see that the plot in the cemetery was well taken care of. Once a year, for twelve years, he returned. Then his visits ceased and the grave was neglected until, a number of years later, a distinguished elderly man and woman came and ordered the monument to be replaced by another and more costly headstone bearing the same inscription, with the addition of the verse:

How loved, how honored once, avails thee not,
To whom related, or by whom begot;
A heap of dust alone remains of thee,
'Tis all thou art, and all the proud shall be.

They, too, vanished—taking with them the secret of the identity of the woman whose history and personality is forever hidden from the world behind three words "The Female Stranger."

Novel Shooting Feat.

An interesting experiment in freak rifle shooting was described recently by an English officer. "I have fired an ordinary wax candle through four deal boards placed a foot apart," he said. "I used six inches of wax candle and thirty-three grains of powder with the usual wads. The shot was removed by cutting off the top half-inch of the case, and a candle weighing one and a quarter ounces was inserted. I fired at a range of about five yards. Each plank was perforated. There were plenty of pieces of dry wax on all the boards, but the first. When fired against planks placed immediately back to back, the candle went through the first and was brought up by the solid weight of wood of the other three." Major Harcourt added that a certain gamekeeper won many bets by shooting candles through a spade.

Well Protected.

Daniel Garber, the noted Philadelphia painter, who lately received a \$2,000 award from the Corcoran gallery, has a curious wit.

In New England last summer Mr. Garber was shown over a rich man's very expensive and ugly country estate. The rich man in the end led the painter proudly to a garden filled with execrable statuary.

"What waste," said Mr. Garber, "Waste?" said his guide. "It isn't waste, I can afford it."

"It seems like waste to me." "How so?" "Well," said Mr. Garber, "there are no less than a dozen scarecrows in this little garden, whereas any one of them alone would keep off the crows from a ten-acre lot."

A thrifty man is one who refuses to allow his tastes to expand with his income.

IMPERIAL VALLEY TO HOLD AUTO SHOW

General interest throughout Southern California is centering on the big auto show to be held in the Imperial Valley at El Centro by the Automobile Dealers' Association, from April 10th to 14th.

Many inquiries have been made at the offices of the Automobile Club of Southern California in regard to the best routes to follow to this show, which is a focal point for hundreds of motoring parties each year because of its many unique features and because it is held in the heart of the rich Imperial Valley agricultural district.

Scores of motorists will tour to the Valley via San Diego and Meyers Canyon, and others will seek the route via Beaumont and Banning. The annual trip to El Centro for the auto show is becoming an event with Southern California automobile owners.

AGRICULTURAL FUNDS RESTORED

Following a conference of the agricultural legislative committee with the administration of Governor Friend W. Richardson, R. N. Wilson, secretary of the committee, has announced that nearly all the \$490,000 stricken from the agricultural budget has been restored, and that no function of the state dealing with agriculture, will be seriously hampered.

Home demonstration work, which had been eliminated from the appropriation for the University of California, to be transferred to the high school districts of the state, will be left with the university while the \$57,000 needed for its maintenance will have to be cared for by the money already given the institution in the budget, this action has been assured.

The adjustments regarding the budget of the state department of agriculture include the agreement that the self-supporting functions, which had been reduced by \$212,000, will be continued, probably through a deficiency appropriation, as the interpretation placed upon the law regarding them prevents direct appropriations being made, with a slight reduction. Funds for grain and warehouse inspection, totaling \$24,285, and pest control as regards vacuum fumigation in the sum of \$8,760, also have been definitely promised. Assurances also have been given that in the event the plan of the governor to transfer the livestock sanitary service from the state to the counties, is defeated in the legislature, he will provide for its continuance as a state function. It is not considered probable the bill providing for the change can be passed; and in the event of its defeat, the \$118,000 needed for its support will be restored to the agricultural budget.

These adjustments were reached after representatives of the agricultural legislative committee, which is composed of thirty-five commodity organizations in the state, met in Sacramento to consider the budget. With them met representatives of the California Farm Bureau Federation, the California State Grange and the Farmers' Educational and Co-operative union. A special committee was named to take the case to the governor's agricultural advisory council, and its efforts met with such success that Mr. Wilson has stated:

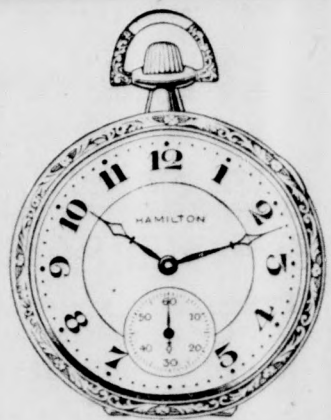

"The net result is that all of the vital functions of the department of agriculture will be well cared for, a condition upon which the farmers of the state may well congratulate themselves."

The agricultural legislative committee endorsed the bills providing for a tax upon commercial motor carriers operating upon the highways, to provide for highway maintenance, and for a gasoline tax of two cents. The Breed motor vehicle bill went on record, however, against the proposed consolidation of the divisions of markets, standardization, and weights and measures, in the department of agriculture.

SOME THINGS NEEDED BY POSTOFFICE DEPARTMENT

The Postoffice Department is now advertising for bids for supplies for its fiscal year beginning the first of next July. Some idea of the magnitude of the work of the Postoffice Department may be obtained from the quantity of supplies it is asking bids upon. The following are some of its requirements:

2,230,000 pounds of paper, 4,000,000 index cards, 3,685,000 sheets of carbon paper, 667,200 quarts of ink, 37,700 gross of pens, 1,800,000 lead pencils, 20,000 typewriter ribbons, 200,000 rubber stamps, 34,000 quarts of mullage, 15,000 pounds of rubber bands, 130,000 boxes of wire clips, 8,000 pounds of sealing wax, 700,000 miles of twine.

ETIWANDA

MD. G. Henderson was the honoree at a party given March 28 at the home of Mr. and Mrs. Walter Henderson in celebration of his birthday. Beside Mr. and Mrs. Henderson and family, there were present the honoree, D. G. Henderson, Mr. and Mrs. Herman Henderson and son of San Bernardino, and Mrs. Fred Henderson and daughter, Mr. and Mrs. R. R. Henderson and family, Mr. and Mrs. Gro. Henderson and family, Mrs. Mat and children, Ruth and Carl, Mr. and Mrs. Mathis of Montebello, Mr. and Mrs. Walter Thomas and sons, Cal and Glen, of Montebello; Mr. and Mrs. Fred Smith, Mrs. Hennesley, Mr. and Mrs. James Anderson of San Bernardino, and Winfred Stephens. Cake, punch and cocoa were served.

Mrs. W. E. E. Layton entertained Friday evening at their home, Mr. and Mrs. W. G. Pearson, Mr. and Mrs. L. L. Hammersley, Mr. and Mrs. D. R. Foss, Mr. and Mrs. App and Mrs. George Hippard. Sandwiches, pickles, cocoa and cake were served at the close of a pleasant evening.

John Hyde, caretaker on the Henderson ranch, died Sunday night. He was a quiet, kindly man, much loved by his neighbors, although perhaps he was the only people to know that he was living in the community.

Plans made by the Intermediate Christian Endeavor Society of Etiwanda for a mountain trip during the Easter vacation finally materialized Friday, when thirty-one people left the Lytle Creek trail to the Flat. They camped over-night and reached home by noon Saturday in order to help in selling Boy and Girl Bazaar. The settlement Saturday afternoon. Mrs. Rena B. Francis and Mr. and Mrs. Frost went with the young folks and Mr. Charles Alford came over from Upland and made the trip in order to see about a site for another cabin. Others going were: Dora and Ruth Brownless, Frances and Dorothy Spence, Ralph and Meriam, Marjorie and Pauline Tilden, Curtis and Dorothy Smith, Jam and Joshua Spray, Marjorie, Meras, Morris and Chester Frost, Irene and Philip Scott, Mrs. Nell Terrell, Roberta Henderson, Oma Roser, Erwin Koch, Geewalt Hammett, Berthold Dugdale, Edward Frank, Sylvanus Kemp and Lawrence Mueller.

At making the trip to the Flats Mr. Ford thought it would be an exact location for a camp for the young people, and Mr. J. C. Jones at present trying to arrange a lease that will permit the erection of a cabin. It is the hope of everyone concerned that this may be completed for use this season.

Young people who went about the Flats Saturday afternoon for fun, carry on the various activities of the young people which radiate from Chaffey met with a ready response from the people of the valley. Before night Etiwanda women over the amount subscribed by the delegation at the recent banquet at Chaffey. Everyone here seemed to believe that the money spent for the young people is a good investment and about the only question asked the solicitors is how much is needed this year to continue the work.

A white cross twined with blue Florida lilies and masses of white flowers everywhere gave the Etiwanda church a holiday look on East Sunday. Appropriate services were held throughout the day, the attendance being good in spite of rainy weather. Special music by the choir, with Frances Spence and Edna Francis in solo parts, was a feature of the morning worship, while the solo, "Calvary," sung at the evening service by Mr. Thomas Dornely was very beautiful and impressive.

Rev. C. W. Greenlee announced that on next Sunday evening some young people from the Pomona College, Claremont would come over to the about the work being done by the institution.

The Church School, by a unanimous vote, sent the prettiest bouquet in the auditorium to Mrs. John Scott, superintendent, who was too ill to be present at the Easter program she had arranged.

A number of Etiwanda people went to Upland Tuesday afternoon to attend the exercises incident to the opening of the new Memorial Hospital. Rev. C. W. Greenlee was elected to be the official representative from this community at the exercises. Friends here of Mrs. Wm. McKee of La Loma were sorry to learn of the loss on Saturday of the infant daughter of Mr. and Mrs. McKee.

Mr. and Mrs. David T. Kraner entertained at a dinner Sunday to which thirty-two were invited, all relatives living in surrounding places. Mr. and Mrs. S. Hutchins and daughter, who formerly lived here, were among the number.

The Annual Mite-Box Opening of the Etiwanda Missionary Society is slated for next Friday evening at seven-thirty at the church. Dr. Lorbeer, who is a returned missionary from the field in India, is to be the speaker. Those who have heard Dr. Lorbeer are enthusiastic over having secured him to address the society

here. Everyone is invited to attend.

The Modern Woodmen of America, who have in recent months organized a camp here, are giving a program and dance at the hall Friday night. The public is cordially invited and the entire entertainment will be free. It will start a trifle late to allow those who wish to first hear Dr. Lorbeer at the church. It was regretted by those in charge that the same night had been selected by both committees, but each had completed plans before the announcement was made and all that could be done was to go on and make the best of it.

Mr. Dick Wood and his chum, Mr. Joe Mankin, both of Long Beach, are spending two weeks at the Wood ranch on Base Line. Dick has added so much to his height since he lived in Etiwanda that he has had to introduce himself to all of his former friends. Miss Marjorie Wood was recently married in Long Beach to a distant cousin, Mr. Charles Wood, who has come to California from Iowa. The young people will remain in California.

Mr. J. T. Ross returned Sunday from a trip to Washington, where he went on business. His daughter, Minnie, accompanied him south, and will remain here.

The Friendly Class had twenty-four out to dinner Monday evening. Mrs. M. R. Kemp and Messrs. Dick Wood and Joe Mankin of Long Beach were added to the "regulars." A number of members of the class were detained at home by illness, the Scott, McClean and Cour families in particular being missed from their places. The Friendly Class has made a gift of twelve new chairs to the social equipment of the church basement.

Miss Evelyn Koch spent Thursday

with a group of Campfire Girls from Upland, who took a mountain trip that day.

Mrs. Masche is a guest during the past week at the home of Mr. and Mrs. Fred Koch.

Mrs. Nell Terrell spent the week-end in Los Angeles.

Mrs. Guernsey left for Upland Tuesday, where she will stay for a month with her friend, Mrs. Crooks, returning to Etiwanda when Mrs. Hippard leaves for the north, when she will occupy the Hippard home during the summer.

Mrs. F. F. Roe was called to Los Angeles Tuesday by a telephone message to the effect that her mother was quite ill.

Mrs. J. B. McNurlin, who went to

Long Beach last week in the hope of benefitting her health, returned to Etiwanda Saturday evening much worse for the experience. She found that she could not stand the fog in the beach town and her son, Guy McNurlin, brought her back. She is quite ill at her home.

Mr. Henry Allen received the sad news Sunday of the death of his brother, R. L. Allen, at his home in Illinois.

Mrs. Margaret Ingram, who has been visiting her brother, E. T. Myers, left Saturday for a week-end visit in Pasadena before returning to her home at Redondo Beach.

Miss Eda Westphal of Los Angeles visited her sister, Mrs. Walter Henderson, last week.

CUCAMONGA

Mr. and Mrs. F. B. Van Fleet had a startling experience when returning home late in the evening from Ontario last Saturday evening, a lone bandit attempted

a hold-up game on the lonely stretch of road along the Guasti vineyard. Mr. Van Fleet, who was driving their closed car, saw the man step out with a gun on the level with the car, and although he took a desperate chance, "stepped on it" and got away, reporting the occurrence to the constable at once when reaching home. Hurrying back to the spot, the

thug was gone, leaving no trail. This is the third or fourth hold-up to be reported in that vicinity within the past six weeks or more.

Miss Frances King, of Los Angeles, was an expected guest of her young friend, Miss Irene Lucas, Tuesday and Wednesday at her home on Archibald avenue, the young ladies attending the Country Club Dinner Dance at the Sycamores, Tuesday evening.

W. C. Axley and family, who moved not long since to Ontario, have returned to Cucamonga, South Side and are now domiciled in the cottage on Harry Roberts young orange-grove Fern and Archibald avenue, the care of which has been entrusted to Mr. Axley, who is Mr. Roberts' brother-in-law.

Mr. and Mrs. Maurice Bonillas and little son, and Mrs. Bonillas' father, S. M. Garrard, motored to Long Beach Sunday where they spent Easter with relatives.

Mr. and Mrs. Arthur Anglin were up on Easter Sunday from their home at Montebello, where Mr. Anglin is employed in the oil-fields, visiting Mr. Anglin's sisters, Misses Lillian, Mae and Marie Anglin, at their home on 8th street.

Mrs. Grace Stanley, former County Superintendent of Schools, now supervising Americanization work among the various schools of the State, was visiting the South Side School Monday.

Mrs. Maria Moeller returned Monday after a pleasant Easter holiday visit in Los Angeles.

Mrs. James Sharp entertained members of the Eastern Star afternoon club in all day session Tuesday at her home on Hellman avenue. A "pot-luck" luncheon was served at the noon hour and the day proved a very enjoyable one for all those in attendance.

The Lucas Ranching Company have under construction a huge shed or warehouse at the company's Drying Yards, to be of corrugated iron, fire-proof, and large enough to house the many tractors, trucks, and other machinery in use about the big ranch.

Mr. and Mrs. E. G. Eymann and children enjoyed a delightful Easter holiday at the home of the former's mother, Mrs. H. A. Eymann, on Washington Boulevard, Upland. All members of the family who were able to be present, enjoyed the day with their mother, celebrating also her seventieth birthday anniversary with pretty gifts, and the grandchildren marching in with a wonderful birthday cake in her honor.

School elections for trustees held last Friday passed off quietly, retiring trustees being re-elected, John M. Hager for Alta Loma School, Henry G. Klusman for Central and E. B. Van Fleet South Side. Trustees to serve on the Chaffey Board elected were, C. C. Graber and H. B. Berg.

Mr. and Mrs. Morris Rosenberg and children, of Los Angeles, who were business callers at the Bishop home on Sunday, expressed their delight at the beneficent rainfall, being enroute to Fontana to see if the long-wished for moisture was also falling on their thirty acres. Mr. Rosenberg, a successful manufacturer of products of the peanut vine, having planted at Fontana over 180 acres in peanuts, which had promised to be a total failure if the rain had not so providentially arrived.

Mrs. E. G. Eymann was a visitor to the Angel City Tuesday, going in via the Pacific Electric.

Mrs. Anthony Vancarrow, who resides with her family in one of the Roberts cottages on Fern street, has returned from the hospital at San Bernardino, having recovered from a successful operation for appendicitis.

Mrs. A. S. Guthrie, of San Bernardino, was a guest last Saturday at the home of her nephew, William M. Kincaid and family.

EASTER PARTY AND EGG HUNT

Little Miss Ruth Van Fleet and brother Stanley, entertained some eight of their young friends last Thursday at the home of their parents, Mr. and Mrs. F. B.

FARM LANDS TAKE BIG DROP IN VALUE

A drop of 26 per cent in the value of plow lands during the past three years is shown in a statistical survey made by the United States department of agriculture. Plow lands in the United States had an average value of \$66.53 per acre March 1, 1923, as compared with \$69.89 on March 1, 1922, with \$83.78 March 1, 1921, and with \$90.01 March 1, 1920.

By states, Iowa shows the largest drop over the three-year period, registering a decrease of \$66 an acre. Illinois is next with a drop of \$44 an acre; Indiana third, with a drop of \$37; South Dakota fourth, with a drop of \$32 an acre, and Nebraska, Utah and Idaho next, each showing a drop of \$29 an acre. The smallest decrease, \$2 an acre over the three-year period, is shown in Massachusetts and New Hampshire. Connecticut shows a drop of \$3; Alabama \$4, New York \$5, Virginia and West Virginia \$6. An increase of \$3 per acre is shown in New Jersey, and of \$2 in Rhode Island.

From 1922 to 1923 gains in plow land prices have occurred in early truck crop states north of South Carolina and generally in the cotton states. Continued depreciation is shown in states in the corn and wheat belts, and in the mountain and Pacific regions. Prices were above \$100 per acre on March 1, 1923, in three states, \$153 in Iowa, \$126 in Illinois and \$113 in California. Low prices were \$22 in Montana, and \$26 in Georgia, Alabama and Mississippi.

Van Fleet, with a jolly little Easter party and thrilling egg hunt, and other amusing games on the lawn, following which ice cream and cake were served and other Easter dainties.

Ben McDonald's tiny one-room dwelling which perched amid the store buildings of Cucamonga town, mysteriously went up in flames last Saturday evening, and his son, young McConnell, who was the sole occupant at the time, is said to have barely escaped with his life or at least severe burns, so rapidly did the fire spread hedging him in. His father and the two little children were occupying the store building adjoining.

"What next?" The very soil under our feet will of necessity have to be placed under lock and key if things keep up this way! Comes now the report of a fine row of thriving young walnut trees, newly planted this spring and the "apple of the owner's eye," disappearing entirely from our ken, a case of "now you see 'em' now you don't!" and Mr. Nesbitt is still wondering who could possibly have made away with his trees one dark night recently from under his very eyes, as it were. Any information gladly received.

Miss Madge Horst and Miss Leslie Fowler were home from Corona and Riverside for the Easter vacation week, and are enjoying a trip to their cottages at La Jolla.

Mrs. Karl Winkler was again summoned on Tuesday to the bedside of her husband at the Ramona hospital in San Bernardino, his condition being considered critical indeed.

Mrs. Earl Juckett, of Los Angeles, was out over Tuesday, attending with her sister-in-law, Mrs. G. T. Morris and party, the Country Club Easter Ball at the Sycamores.

Mrs. Elizabeth Armstrong and daughter, Miss Francis, were out from Los Angeles, visiting for a few days at the home of their sister and aunt, Mrs. W. H. Horst, and enjoying the Dinner Dance at the Sycamores. They expect to leave before long for a trip to San Francisco and return before leaving for their home in Philadelphia.

Miss Kate Molsinger has sold her six acre lemon grove on Olive street and Ramona avenue, to Geo. Allen, whose property adjoins this on the East.

Miss Harriet Wilkoff is home from Ramona convent enjoying a ten day Easter vacation.

W. J. Kincaid was a business visitor Monday and Tuesday in the Angel City.

RED HILL COUNTRY CLUB EASTER BALL BRILLIANT AFFAIR

The Easter Ball and Dinner Dance as given by the Red Hill Country Club of the Sycamores, Tuesday evening presented a brilliant spectacle with the elaborate decorations from the Ambassador Hotel in Los Angeles carrying out the beautiful Easter motif by means of gorgeous Easter bounties of all sizes and shapes ornamenting the lights in delicate pastel shades, with a rainbow for luck, and other appointments in keeping with the season, and created enthusiastic admiration from some two hundred and twenty-five guests banded together for the delightful occasion. O'Hara's orchestra for the dancers was unexcelled and the six course dinner served throughout the evening pleased the most fastidious epicure. Local members making up their own individual parties attended the event, which was voted one of the most enjoyable affairs yet given by the Country Club.

Mr. and Mrs. Leon Lucas, Mr. and Mrs. Vincent G. Lucas, Miss Irene Lucas and friend, Miss Frances King, of Los Angeles, were among those making up a general dinner party at the Sycamores Tuesday evening.

The Eastern Star afternoon Club of Ontario held an all day meeting Tuesday at the home of the worthy Matron, Mrs. James C. Sharp, at her home on Hellman avenue. A delicious dinner was served at the noon hour, thirty-five ladies being present, including visitors from China, Park City, Utah and Worcester, Mass. Mrs. Sharp was assisted in entertaining by her sister, Mrs. George Cohn, of Worcester, Mass., who is spending the winter in California.

14TH ORANGE SHOW OFFICERS ELECTED

J. Dale Gentry is president of the Fourteenth National Orange Show, B. L. Holmes is vice-president; J. H. Wilson, treasurer, and R. H. Mack, secretary and general manager, and the dates for the great citrus exposition are fixed for February 15-25, 1924. That for the future.

The other fact of surpassing interest that developed at the final meeting of the 1923 show committee, held at the Orange Show offices yesterday afternoon, is that the show this year returned an operating profit of \$19,470.74. This does not mean that this splendid sum in cash is added to the reserves of the Orange Show. Some part of it went into permanent improvements, the entrance to the show and work on the land now the home of the exposition. But it is true that the total net worth of the show is increased by \$19,470, less something for depreciation, which shows in detail on the financial report. The show therefore makes the best report that any show has made, and the net worth of the institution at the close of business March 31, when the Orange Show year ends, was \$70,418.56. This includes land, worth more than the \$10,000 which it cost and at which it is carried on the books, improvements, equipment and cash.

President J. B. Gill, presided for the last time yesterday, and both he and General Manager Mack came in for congratulations as the unexpectedly favorable figures were revealed. On introducing the new president, after Mr. Gentry had been elected, Mr. Gill voted his appreciation of the splendid co-operation of members of the committee as well as the executive work of Mr. Mack. Twenty members of the executive committee were present.

LEGAL ADVERTISING

Notice of Assessment

Canyon Ridge Water Company—Location of Principal Place of Business, Ontario, San Bernardino County, California.

Notice is hereby given that at a meeting of the Board of Directors held on the 3rd day of April, 1923, an assessment of \$5.00 per share was levied upon each and every share of the subscribed capital stock of the Corporation, payable on or before the 3rd day of May, 1923, to N. L. Mitchell, the Secretary of the Corporation, at the office, 119 East A Street, Ontario, San Bernardino County, California. Any stock upon which this assessment shall remain unpaid, the 10th day of May 1923, will be deemed and advertised for sale at public auction, and unless payment is made before will be sold on Saturday, the 26th day of May, 1923, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

N. L. MITCHELL, Secretary
April 3, 1923. 93-6-8

Notice To Creditors

In the Matter of the Estate of MARSHALL G. WILLIAMSON, Deceased.

NOTICE is hereby given by the undersigned Mary Craig Williamson, administratrix with the Will annexed of the estate of Marshall G. Williamson, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, within four months after the first publication of this notice, in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Bernardino, or to exhibit them, with the necessary vouchers, within four months after the first publication of this notice to the said administratrix, at the offices of Swing and Wilson, Attorneys, 11 Garner Block, San Bernardino, in said county, the same being the place of business in matters connected with said estate of said deceased.

DATED: March 31st, 1923.
MARY CRAIG WILLIAMSON,
Administratrix with the Will Annexed of the Estate of said Deceased.
SWING & WILSON,
Attorneys for Administratrix. 92-4-10

When we say we guarantee "EXCELLENCE" we mean excellence in cattle; excellence in bottling; excellence in delivery. We realize that to have the best of patronage we must give the best of service.

Ontario - Upland Creamery

"Quality Dairy Products"

Following the meeting yesterday Gentry stated that he had announced the executive board for the Fourteenth National Orange Show within the next 10 days. A meeting of the new board will be called within two weeks, Mr. Gentry expects, and the final work for next season's class will be under way.

If next year's exposition to surpass the very successful one directed by President Gill, every member of the committee will have to be willing to work without stint for such a goal, Mr. Gentry said. "In choosing the committee, who are to work with me, I shall appoint only those who signify this willingness."

TO WHOM IT MAY CONCERN

We, the undersigned, are conducting a business, selling radio supplies, 109 West C Street, Ontario, Cal., under the fictitious name of PACIFIC COAST RADIO COMPANY. The true names of the sole owners of this business being, J. BRYANT and W. W. EVANS.

In witness of above we give our hands and seals this 24th day of March 1923.

(Signed) C. J. BRYANT
W. W. EVANS

State of California,
County of San Bernardino, ss.
On this 24th day of March, 1923, before me, GEO. A. McCREA, a Notary Public, in and for said County and State, being therein, duly commissioned and sworn, personally appeared C. J. Bryant & W. W. Evans, known to me to be the persons described in, and whose names subscribed to the above instrument, they acknowledged to me that they executed the same.

In Witness Whereof, I have unto set my hand and affixed my official seal the day and year first above written.

the BEST OIL made is refined from WESTERN CRUDE

The motorist who pays fancy prices for oil, often pays for something he does not get.

Zerolene costs less because it is produced in California from selected California naphthenic crude, which, of all the crudes so far discovered, yields the most efficient lubricating oils.

Zerolene lubricates better. It forms from 25% to 50% less carbon. It has greater adhesiveness and penetration than oils made from any other crude.

STATUE OF "KING TUT'S" MOTHER-IN-LAW

View of the small wooden bust of Queen Nefentiti, the mother-in-law of King Tut-Ankh-Amen, which has just been received at the Carnegie Museum in Pittsburgh. Tut married Amon-Sc-Amkh, the old Queen's daughter, and thus made his path clear to the throne of Egypt. The statue was found at Tell-el-Amarna, the city that was abandoned by Tut-Ankh-Aton when he overthrew the God of the Sun, or Aton, and re-established the prestige of God Amon, changing his name to Tut-Ankh-Amon, or "the Glory of Amon"—the name now more commonly spelled Tut-Ankh-Amen.

TO "CARRY-ON"

Mrs. Wallace Reid, wife of the late picture star, who is to carry-on her fight against the drug traffic, with a screen exploitation of the menace, in memory of her husband who died in his fight against the drug habit. She is seen here with Thomas H. Ince, famous producer, who has volunteered to make the picture. The proceeds will go toward the establishment of the Reid Memorial Hospital, at Los Angeles, Calif., for the treatment of drug addicts.

SELF-SUPPORTING COUNTY HOMES

Charitable institutions supported by San Bernardino county, forming the largest single drain on the taxpayers and comprising a large proportion of the annual budget totaling tens of thousands of dollars each year, are to be placed on a self-supporting basis as far as possible.

These institutions include the General hospital, the Detention Home and Monte Vista, the new home for aged women to be occupied in May, and now in course of completion.

Under the proposed plan discussed informally by county officials and department heads for months, and upon which it was decided to take the first definite step this month, industrial therapy will be placed in the various institutions under the direction of experts.

The plan contemplates the installation of factories at the institutions both for the benefit of the patients and inmates, and to aid in paying the increased cost of maintenance.

Manufacture of Mattresses

As the first move in this direction, aged men housed in tents at the General hospital are being instructed and have started the manufacture of mattresses for Monte Vista, according to announcement today by Mrs. Maude S. Bell, welfare commission secretary.

This follows chronologically in the wake of the edict of county authorities that aged men at the General hospital must work, which resulted in several members of the colony deserting their habitation.

Similar to the manner in which industries are conducted at the State hospital for the Insane at Patton, wicker weaving and similar occupations that will keep the mind and bodies of the inmates of the county institutions active are to be introduced gradually under the scope of the announced scheme.

Source of Revenue

"Benefit would be two-fold," Mrs. Bell declared today as spokesman for the other department heads who are also interested in the move. "First, the inmate would not have hours of idleness on his hands. Second, a considerable source of revenue would accrue to the county from the proceeds of such work."

"We do not at all expect the institutions to pay for themselves but believe that in time occupational work would go far to do so. We plan occupations for everyone, regardless of deformity. There is something that everyone can do."

AUTOMOBILE INDUSTRY IN 1922 BROKE ALL RECORDS

The Bureau of Public Roads shows there were registered at the close of the year 1922, 12,238,375 motor vehicles in the several states. Last year the new registrations amounted to 1,775,000, which is 400,000 more than the average yearly rate of new registrations for the preceding five years. The year 1922 was the greatest in the history of the automobile industry. The strictly agricultural communities of the United States purchased approximately 30 per cent of the output of the automobile industry in 1922. The purchases of automobiles in agricultural sections in 1922 were from 7 to 15 per cent greater than for the year 1921.

The child that is father to the man should be diplomatic enough not to show it if the man happens to be the child's own father.

EASTER EGG ROLLING CUSTOM OBSERVED AT THE WHITE HOUSE

Even though the President and Mrs. Harding are still on their vacation, the traditional White House Easter Monday egg rolling was arranged for. The origin of this curious custom is lost in the mists of time. There seems to be no authentic history of it. It is mentioned in books dealing with life and manners in the capital for fully seventy-five years. Originally the place most favored for the rolling was the Capitol grounds. It seems that President Lincoln first welcomed the youngsters to the "South Lot," as the White House grounds on the south side of the White House are called.

Beginning as the amusement of the President's children and their friends, the thing has grown and grown until now there are thousands of children on the South Lot every Easter Monday and no grown-ups are admitted unless they come as guardians of children. A neat little graft has flourished around this regulation. So many tourists and newcomers to Washington always want to get in that a lively business is done by thrifty youngsters, who meet would-be visitors a block away with a shrill "Hey, Mister! I'll be your little girl for a quarter!" or a dollar or a dime—according to what they think "Mister" will stand for. It is noticeable that the youngsters who address themselves to ladies are

canny enough to make the price of their services as a human admission ticket lower than for the men. It is amusing to see a gay little pickaninny offering, for consideration, to be the temporary offspring of a dignified and unmistakably white man or woman. And the policeman at the gate smiles and lets it pass.

The ground enclosed on the south side of the White House is not generally open to the public. It makes up the private gardens of the White House, where the members of the President's family enjoy themselves and sometimes entertain their friends. It is there that the White House garden parties are held.

If jazz is the outgrowth of the war there ought to be a law against having any more wars.

LIGHT-SIX SEDAN \$1550

If you pay a thousand dollars for a car and have to buy a new one each year, it is at least twice as expensive as a fifteen hundred and fifty dollar car that looks like new at the end of three years.

We believe a Studebaker Sedan is good for five to ten years of useful, satisfactory life. We are not positive as to the real life because none has yet worn out.

If, when you trade in your car, you learn that you can get only three or four hundred dollars for it because there is no second-hand market for that make of car, then you must add this extra

depreciation to arrive at the real cost of the car.

The trade-in price of Studebaker cars shows a very small depreciation, in many sections the smallest of all makes of motor cars. And there is always a ready market for used cars of Studebaker manufacture.

Motor car values find their proper levels in used car salesrooms. Visit one and compare Studebaker second-hand prices with others. The result will be illuminating. The built-in value proves itself each thousand miles of use.
